

Bad Practices Keeping the Courts Busy

12.30PM TO 1.30PM | 23 FEBRUARY 2023 | THURSDAY

“Good habits are the key to all success. Bad habits are the unlocked door to failure.” – Og Mandino

Habits maketh the man. In everyday practice, habits formed over the years make it difficult to change course. It has been demonstrated that the effects of bad practices increases the likelihood of a medical practitioner landing in trouble, either through a civil suit or a complaint lodged with the regulators. In this webinar, we will explore examples of how bad practices have led doctors into trouble and, more importantly, discuss ways in which good medical practices may be cultivated.
