OVERVIEW

The commodity *murabahah*, also commonly known as *tawarruq*, is among the most prominent Islamic finance products in Malaysia's Islamic finance landscape. It is a debt financing structure, ie a structure that creates liquidity and debt obligation, which consists of multiple Syariah contracts. *Murabahah* transactions are also supported by various Syariah-compliant commodity trading platforms, which provide the required underlying assets to facilitate the *murabahah* transactions.

Join Dr Syed Adam as he touches on the basics of *murabahah* and how it is applied in the Islamic banking industry in Malaysia. Understanding the concept of *murabahah* will certainly be useful for Islamic finance practitioners in ensuring that *murabahah* is not tainted with Syariah non-compliance.
